FLEXFAB FLEXIBLE DUCTING AND CONNECTORS

With over 50 years of expertise in flexible hose design, Flexfab leads the way with a wide range of hoses suitable for standard and custom applications.

Available Standards:

NFPA 130, EN 45545, R1 HL2

- Large selection of flexible ducts that are optimised for cost and weight reduction
- Lightweight, rigid composite ducting for HVAC
- Flexible hose for air and drain applications
- Assemblies of composite ducts with flexible connectors and hardware
- Full range of insulations and quick-attach connectors to eliminate the need for clamps
- Standard diameters of 12.7mm (0.5") to 330mm (13") in a wide range of pressure capabilities
- Custom diameters up to 610mm (24")
- Acoustical treatments can be also added to hoses, for sound absorption and improved thermal properties
