mason grogan  
**INDUSTRIAL**  
SPECIALIST MATERIALS FOR DESIGN ENGINEERS

## MISSION

To offer our clients in the transportation sector ergonomic seating solutions that are the best adapted to specific needs, and which result in the most comfortable and robust work stations on the market. To support our clients and to ensure the quality of our products by offering expert client service both before and after sales.

**COMFORTABLE / ROBUST / ADAPTABLE**

**Siti**

Ideal for train cabs (a bus version is in development).  
To meet European standards for public transportation with regard to comfort, safety, and durability.

### 5000 SERIES

Specially designed for urban bus drivers.

### 4000 SERIES

Robust modular seats, ideal for train and metro cabs.

### 3000 SERIES

Seats for train cabs with limited space, or where visibility is limited.

### RETRACTABLE and FOLDABLE SEATS

Designed to maximize space in the cabin, and to be used as a third seat in trains.
